## Career Objective

Aspiring software developer with a deep interest in web development, looking to bring my skills and passion to a collaborative team environment to help achieve organizational goals and create meaningful user experiences.

---

## Skills

**Programming Languages:** Java, Python

**Web Development:** HTML, CSS, JavaScript

**Database:** MySQL

**Version Control:** Git, GitHub

**Frameworks:** JDBC, Swing, JavaFX

**Problem-Solving:** Innovative solutions for complex problems.

**Data Structures and Algorithms:** Extensive experience with foundational and advanced concepts.

## Education

**Bachelor of Engineering in Computer Science Engineering**

*Government College of Engineering, Srirangam, Trichy* 2021–Present

CGPA: 8.12

**Higher Secondary Education (HSC)**

*St. Patrick's Higher Secondary School, Trichy* 2021–Present

Percentage: 92.5%

## Relevant Coursework

- OOPs (in Java)
- Data Structures
- Algorithms
- Cryptography and Cybersecurity
- Computer Networks

## Internship

**Bharat Sanchar Nigam Limited (BSNL)**

**Networking and Telecommunication:**

Gained exposure to telecom technologies, including networking, signal processing, and communication protocols.

**Server Exchange Architecture:** Assisted in understanding the architecture and functions of telecom server exchanges.

## Projects

**Hotel Management System (Java)**

Developed a system to manage room bookings and customer data. The application tracks room availability and stores customer information in a MySQL database.

Implemented features for room booking and availability tracking.

Used **JFrame** for GUI and **MySQL** for database management.

**Custom Video Player (HTML, CSS, JavaScript)**

Created a custom video player with a responsive interface. The player allows playback control and adapts to different screen sizes.

Developed a custom video player with unique playback controls.

Ensured responsive design using **HTML**, **CSS**, and **JavaScript**.

## Workshops and Certifications

**Cybersecurity and Blockchain** April 2023

**Complete Java Programming** - Sara Academy

**PHP Bootcamp with MySQL** - Knowledge Nest
